1. ENGLISH:

I. Book report

Reading is crucial to everyone's success. It is one of the most fundamental skills a child should acquire. It helps not only to enhance their vocabulary but also to acquire values which indeed equip them to live a meaningful life. Enjoy reading "*Book Thief*" and make a Book Report.

It should include the following:

- a) Book Cover (Draw an important scene)
- b) Title of the book
- c) Name of the author
- d) Your favorite character from the story
- e) His / her character sketch
- f) My favorite part of the story
- g) Do I relate to the story? How?
- i) The reason why you liked the book.

Use your creativity to prepare a colorful book report using an A4 size sheet

II. Fable Writing

A fable is a short story that demonstrates a moral value of human behavior and is usually stated in the conclusion of the story.

Write an original story or a poem that is based on your personal experience or an incident that taught you an unforgettable lesson. Use A4 sheets to write neatly and also illustrate relevant scenes of your story. The most interesting piece will be published in the school newsletter.

III. Crossword Creation

Record 10 new words and their meanings. On a separate sheet of paper create a crossword of those words for your peers to solve in class; use the meanings as clues.

IV. Cornerstone

3. MATHEMATICS:

1. **Concept:** SYMMETRY

Learning outcomes: Students will be able to relate the concept of symmetry in real life.

‘Symmetry’ refers to a sense of harmonious and beautiful proportion and balance. Symmetry can be found in human faces, in the wings of a butterfly, in monuments, alphabets, in the reflection of trees in clear water or in the reflection of mountains in a lake, etc.

Look for six such real life figures where symmetry is visible and draw those figures with a line of symmetry on A4 size paper.

2. **Concept :** Polygon Art

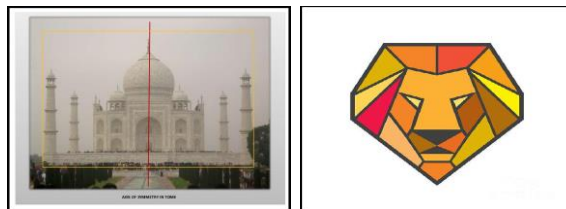

Learning outcomes: ‘A Complicated Simplicity’. It’s an art form where a closed shape with multiple sides and edges is taken and then connected with similar shapes and a large beautiful image is created.

Let’s be creative this summer and look for mathematics in real life images. Create an image of your choice in polygon art.

Work Specification:

1. SYMMETRY : Find 6 symmetrical figures (real life) , cut and paste them on an A-4 sheet .
2. Polygon Art: Think and make an image using coloured cut outs of shapes of polygon.

An example of each of the above 2 activities is attached.

4. SCIENCE:

1. To research about the status of Malnutrition and Mid day meal Scheme in Maharashtra.

Requirement: A-4 size papers

Concept-

Malnutrition is a challenge for the Maharashtra state as well as the entire country. In the last 18 years, the per capita income in the state has increased but the poor have become poorer and Maharashtra has around 37% malnourished people. CG govt. on 15 June 2020 stated that the number of malnourished children has decreased by 13.97% under the Pradhan mantri Poshan Shakti Nirman Yojana.

There would be participation of government and non-governmental charitable organizations.

Anganwadi, Schools and other distribution centers identified by district administration will distribute nutritious meals.

Make brief report on malnutrition based on following points:

What is malnutrition?

Causes and solutions.

Importance of studying malnutrition.

Malnutrition report in rural region of Maharashtra.

Importance of Pradhan mantri Poshan Shakti Nirman Yojana.

Imagine yourself as a member of an NGO. How can you create awareness among the people of the economically backward society?

How can you help the government in tackling these problems?

Learning Objectives: Students will be able to-

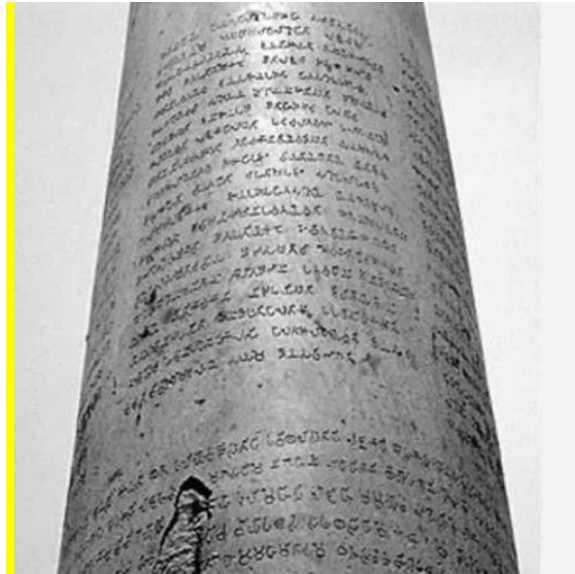

Analyze the reason for malnutrition.

Observe the status of Pradhan mantri Poshan Shakti Nirman Yojana.
