

KOTHARI INTERNATIONAL SCHOOL, PUNE

Summer Vacation Assignment

Session 2023 - 2024

Grade: K1

A child learns through the milieu more than just books.'

The summer vacations are the most sought after and perfect time to delve, bond and in these most unprecedented situations keep the happiness quotient up and high of yourself and your child too.

So, here we are with an intriguing, stimulating and exciting plethora of activities especially curated keeping in mind to creatively engage, productively reiterate the already taught concepts and magnify the quest for knowing more in our students. The Home fun calendar is so designed to elevate mindfulness and learning, practice positive attitude and help them evolve as compassionate, skilful global citizens.

#we learn #we grow #we bond #we enjoy

Kindly Note that all submissions of Home-fun activities have to be submitted in the Google Classroom

Guidelines to be followed

- Begin and end your day with a prayer with parents.
- Brush your teeth twice a day (Before breakfast and after Dinner)
- Keep your surroundings clean.
- Drink dairy products (Milk/ buttermilk/ Curd etc.)
- Keep water/food for stray animals and birds.
- Give respect to your elders and Young ones.
- Water the plants regularly.
- Drink plenty of water.

For Parents:

- Encourage the child to take his/her bath daily.
- Tell your ward about "good and bad touch".
- Tell them to wash their hands regularly and wear mask.
 - Guide them to put back the toys/things in proper place after playing.
 - Kindly Note that all submissions of Home-fun activities have to be submitted in the Google Classroom

Instructions for Summer Assignment:

- Write in a neat handwriting. (At least one page a day)
- Learn the use of crayons.
- Be creative and involve yourself in creative art and craft activities.

Note: For any query, do contact the subject teacher through e-mail given underneath every subject assignment.

Heartbeat Exercise

Ask your child to stand up and either jump up and down or do jumping jacks for one minute.

At the end of that minute, have them place their hand on their heart and pay attention to how their heartbeat and their breathing feels.

Please share the video of your child on Google Classroom

Read a Story Book

Reading stories to your children helps develop their imagination. By listening to the story and looking at the pictures their little brains receive so many ideas, and they are able to predict what is going to happen next or come up with their own endings.

To spark your child's imagination and stimulate curiosity.

Every day read a story to your child and share the video on Google Classroom.

Reference Story Books

- Mixed up Chameleon (Eric Carle)
 - Bubbles Series
- Swimmy the fish (Leo Lionni)
 - Pepper Series

Read a Story Book

Find Upper Case letters in newspaper or magazine.
Cut the letters and paste in teddy's book. Help teddy
learn A to Z.

Toy wash

The most important lesson the child should learn is to be responsible. Let the children wash their toys and put them for drying under the sun. Once the toys are dried tell them to arrange them properly. This will make them responsible.

Material Required:

- Plastic toys/soft toys
- Scrubber/Sponge
- A Large plastic tub

Pot a Plant

Doing experiments with children is important. They help in developing curiosity and also understanding the world around them. Please follow below procedure to grow plant.

Revision of Sounds

<https://tinyurl.com/mwpekyay>

Students need to collect objects easily available at home, beginning with the sound 's' and 'a' For e.g. 'a' for an apple and 's' for scissors and do the action for each sound.

Magical Water

Water has some unique properties. Through this experiment children will learn that water has no shape and colour.

Material Required:

- Bowls of different size and shape, (Square, rectangle etc.),
- 3 transparent glasses.
- Water colours(Any three colours)
- Brush, Water

In this experiment children will learn water has no shape and colour.

Share the picture/video of the children while performing the experiment on Google Classroom

Buzzing Bee

1. Sit in a comfortable position with your parent and take few natural breaths.
2. Close your eyes and mouth.
3. Breathe in through nose and keep your lips lightly sealed.
4. When you exhale hum the sound of letter 'm'.
5. Notice how the vibrations feel in your mouth
6. Continue humming the 'm' sound until you feel the need to inhale again.

Making Choices

Making choices helps in building self-confidence. In this activity parents have to choose a story for e.g. "Hare and the Tortoise". Ask questions from your child while reading out the story.

- Which animal you want to be, the hare or the tortoise and why?
- Why do you think hare lost the game?
- What do you learn from tortoise?
- Keep questioning your child, initially let them think and answer why they have made this choice.

Share the video/picture on Google Classroom.

Buttoning and Zipping

Buttoning and unbuttoning is an important activity for improving fine motor skills. Firstly, demonstrate in front of the children to button and unbutton and then later on ask them to do it independently. Follow the same process for zipping and unzipping.

Share the picture on Google Classroom.

Cut Paper with Scissors

- Learning to cut using scissors develops your child's fine motor skills and coordination.
- Material Required: Paper, Safety Scissors
- Method: Draw straight lines on a piece of paper and let your child cut with safety scissors. Please make sure that the child uses scissors under the guidance of parents only.
- **Share the picture on Google Classroom.**

My favourite Fruit

- We all like eating fruits.
- Show the fruit you have eaten and describe it.
- You can tell the colour, size, smell and also tell the taste of the fruit.
- Was it sweet/sour?
- Which is your favourite fruit? Why?
-

Please share the video/picture on Google Classroom.

See Seeds

This is a nature based experiment to learn about fruits and vegetables.

Parents have to cut /peel any fruit/vegetables. Then, let your child observe the different type of seeds in each.

Material required:

- Apple
- Cucumber
- Tomatoes
- Watermelon
- Bananas

Please share the picture on Google Classroom.

Connect the dots and colour the picture with your favourite colour.

- Where is Thumbkin

Emotional & Social Wellbeing

Encourage your child to take care of personal hygiene by inculcating following habits:

- *Covering his/her nose/ mouth while sneezing or coughing.*

- *Avoid licking his/her fingers.*

- *Avoid touching his/her eyes, nose, mouth, ears with dirty hands. Wash hands frequently.*

Help your child become caring human being by developing the following habits:

- *Giving respect to his/her elders and loving his/her younger ones.*

- *Helping in arranging dining table. After eating, keeping his/her plate in the kitchen.*

- *Arranging his/her toy shelf and keeping the house clean.*

Note: For any query, do contact K1 teachers through e-mail given underneath.
