Summer Fun Activities (2024-25)

Dear Parent

"It's time to add a pinch of adventure, a sprinkle of sunshine and handful of outdoor play in our children's lives."

The summer vacations are the most sought after and perfect time to delve, bond and keep the happiness quotient up and high of yourself and your child too.

So, here we are with an intriguing, stimulating and exciting plethora of activities especially curated keeping in mind to creatively engage, productively reiterate the already taught concepts and magnify the quest for knowing more in our students. The Home fun calendar is so designed to elevate mindfulness and learning, practice positive attitude and help them evolve as compassionate, skilful global citizens.

Kindly Note: All submissions of Summer Fun Activities have to be submitted in the Google Classroom.
